

Turning Tools

INDUSTRY

Medical/dental applications, sliding head stock lathe generic use

MACHINE

Metafil D13

MACHINED MATERIALS

AISI 630

DESCRIPTION

Example of medical/dental operations in AISI 630

FEATURES

Tools:

TOPDEC DCGX-FN 441774
TURNDEC THREADING 449774
TURNDEC GROOVING 432686
TURNDEC BACK TURNING 391865
TURNDEC PARTING OFF 404931
TORX DRILL 444182
TORX END MILL 443720

Features and benefits:

Efficient and innovative process to produce medical/dental components. Complete solution for minimizing burrs and optimizing surface quality.
